

WHEN LEAVING THE OFFICE IS EASIER SAID THAN DONE.

Employees can get care whenever and wherever with medical and behavioral/mental health virtual care.

Your employees' lives are demanding. It's hard for them to find time to take care of themselves as it is, never mind when they're not feeling well. That's why health plans through Cigna include access to medical and behavioral/mental health virtual care.

Whether they've got meetings all day, or they just don't have the time or energy to go anywhere but home after work, employees can:

- › Access care from just about anywhere via video or phone.
- › Get medical virtual care 24/7/365 – even on weekends and holidays.
- › Schedule a behavioral/mental health virtual care appointment online in minutes.
- › Access board-certified doctors and pediatricians, as well as licensed counselors and psychiatrists.
- › Have a prescription sent directly to a local pharmacy, if appropriate.

Convenient, not costly.

Medical virtual care for minor conditions costs less than ER or urgent care center visits, and maybe even less than an in-office primary care provider visit.

Together, all the way.®

Virtual care options.

Cigna partners with two national virtual care providers: Amwell™ for medical virtual care and MDLIVE® for medical and behavioral/mental health virtual care.* Both are quality options, so your employees can feel confident in their care, no matter which one they choose.

Encourage your employees to access virtual care through myCigna.com whenever and wherever they need it.

Cigna Behavioral Health also provides access to behavioral virtual counseling through Cigna's network of providers.

Virtual medical care is available from both Amwell and MDLIVE. Behavioral/mental health virtual care is available from MDLIVE.

* Cigna provides access to virtual care through national telehealth providers as part of your plan. Providers are solely responsible for any treatment provided to their patients. Video chat may not be available in all areas or with all providers. This service is separate from your health plan's network and may not be available in all areas or under all plan types. A Primary Care Provider referral is not required for this service.

In general, to be covered by your plan, services must be medically necessary and used for the diagnosis or treatment of a covered condition. Not all prescription drugs are covered. Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. See your plan materials for costs and details of coverage, including other telehealth/telemedicine benefits that may be available under your specific health plan.
