

iLearn Schools COVID-19 Exclusion Plan

Dear iLearn Schools Community:

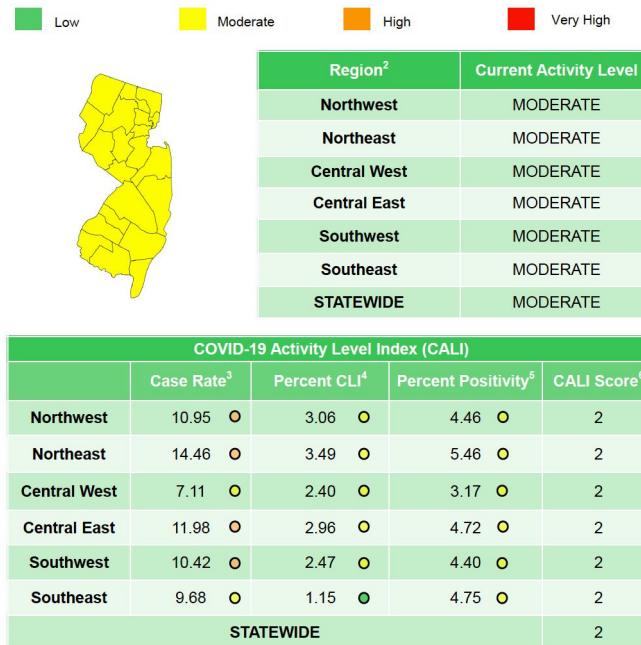

In response to the evolving circumstances surrounding the spread of COVID-19, iLearn Schools is taking a proactive approach to ensuring that all students, families, and staff members across our schools remain in a safe and secure learning environment. As such, we will continue to monitor county level health data very closely, for NY and NJ, in determining whether our COVID-19 Exclusion Plan must be implemented for any of our school districts.

Our COVID-19 Exclusion Plan is as follows:

NEW JERSEY

(New Jersey implements Covid-19 Activity Report)

- **NJ-CALI Score 2 (yellow) “moderate risk”** - We will continue with our current hybrid learning plan.
- **NJ-CALI Score 3 (orange) “high risk”** - Our schools in “high risk” counties will transition to full-time remote distance learning for all students (with the exception of children of iLearn Schools staff) with all staff still reporting to schools.
- **NJ-CALI Score 4 (red) “highest risk”** - We will move to fully-remote distance learning for all students and staff. Once the risk level returns to a level “3” or eventually a level “2”, we will return to our hybrid learning plan accordingly while giving ample notice for a smooth transition.

NEW YORK

(New York implements Micro-cluster / Buffer strategy to target COVID-19)

Once the geographic focus area has been formed, including buffer areas where necessary, the state will implement appropriate restrictions - listed below relative to limit spread of the virus. In addition, all zone areas will be subject to:

- Increased community testing efforts
- Increased enforcement and compliance efforts
- Outreach from state officials to support local containment and educational efforts
- Increased contact tracing support
- Increased public education outreach where necessary

| Type of Activity | RED | ORANGE (BUFFER & WARNING) | YELLOW (BUFFER & PRECAUTIONARY) |
|-----------------------|-----------------------------------|--|---|
| Worship | 25% capacity 10 people maximum | 33% capacity 25 people maximum | 50% capacity |
| Mass Gathering | Prohibited | 10 people maximum, indoor and outdoor | 25 people maximum, indoors and outdoors |
| Businesses | Only essential businesses open | Closing high-risk non-essential business (gyms, personal care, etc.) | Open |
| Dining | Takeout/delivery only | Outdoor dining only, 4 person maximum per table | Indoor and outdoor dining, 4 person maximum per table |
| Schools | CLOSED Remote-only | | Open Mandatory 20% weekly testing of students and teachers/staff for in-person settings. |

Please note that one school district moving to full-time remote learning does not mean all schools across iLearn Schools will follow. We will instead make decisions specific to each district according to the data provided at a county level, for NY and NJ.

iLearn Schools continues to let data and science guide our decisions. We strive to help as many students as possible grow for the future as they return to classrooms, while adhering to all health and safety guidelines and maximum capacity limits. We also seek to address students learning remotely through the instructional technology tools we continue to implement and discover.

Our goal is to keep taking small and measured steps forward toward a return to normalcy for the sake of everyone's social, emotional, physical, and mental health and well-being.

Best wishes,
Nihat Guvercin
